

SUSHI MARVEL

M E N Y Ū

— À LA CARTE —

A5 Wagyū, “Japanese Cow”

For centuries, this highly prized meat was a mysterious Japanese luxury. A5 is the highest grade given only to the finest beef. You can enjoy this exquisite cut of sirloin here at Sushi Marvel.

Otoro, The King of the sushi game

We are very proud and fortunate to present this very rare cut of Bluefin underbelly tuna. Unknown to the world half a century ago, it is now the most valuable fish in the world.

Hello! Hi! Welcome!

We hope you enjoy your experience at Sushi Marvel, where most of our dishes are crafted in-house; from our delicious gyozas, tamago, sauces, to rich ramen broths, kimchi and more! Itadakimasu!

Not keen on spicy food? 🌶️

Let us know, as for most dishes, it can be optional. Everything is made to order.

Allergies and intolerances

Please advise of any allergies and intolerances when ordering.

We cannot guarantee complete allergen-free preparation due to the nature of our kitchen. In consideration of safety, we cannot serve anyone with severe allergies. Thank you

Octopus in Japanese culture

At Sushi Marvel, we find inspiration in the remarkable octopus, a creature symbolising resilience, versatility, intelligence, and adaptability. Like the octopus, we encourage you to embrace change and challenges, and to gracefully adapt to circumstances. Just as the octopus possesses regenerative and healing powers, we believe in building mental and physical strength for personal growth.

Our philosophy mirrors the octopus's dexterity and selflessness. We strive to hone our craft, especially when it comes to crafting exquisite sushi dishes. Our commitment extends beyond culinary excellence – we also aim to protect and guide, ensuring the well-being of individuals and communities we serve.

We invite you to join us on this journey to override egos and desires, and to give back to causes greater than ourselves. As you savor our sushi, envision the agility and grace of this incredible animal, and let it bring you a sense of calm and relaxation.
